

Stork 001 Side Table

Design Gordon Guillaumier

Technical Information

STORK is a design side table, almost a sculpture, with a light, transversal character, able to integrate itself everywhere, in any outdoor or indoor furnishing context. The absolute protagonist is the teak, modeled in the tripod support with a long neck that lightly supports the grey HPL top. Next to an outdoor armchair or a sunlounger, STORK is a "all-rounder" element which can be easily combined with any other elegant outdoor furniture.

TECHNICAL INFORMATION

DESCRIPTION
Side table for outdoor use.

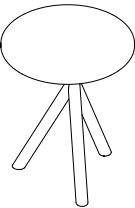

STRUCTURE
Teak.

TOP
Gres natural.

WEIGHT
Structure 8 kg

STORAGE COVER
Not available.

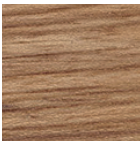

DIMENSION
L Ø45 × H 54 cm
W 17" ¾ × H 21" ¼
